

RISER® (7-17-3 with Zn, Mn, Cu & Fe) is a low salt, root zone safe, highly pure banded and in-line nutrition solutions that contains Acetate Technology and a suite of micronutrients. Riser is formulated to provide essential nutrients when the crop needs them most, Riser also helps access for of the nutrition growers have in thier soils for optimizing nutrient uptake, plant health and crop yields.

GROWER BENEFITS:

- Phosphate and key micronutrients drive growth and metabolism in many crops at a critical stage
- Drives early season nutrient uptake to leverage existing soil nutrition
- Increases rootmass and nutrient uptake at critical growth stages not matter what crop you grow

RATES:

At-Planting: 1-5 gal/A In-furrow or 2x2
Drip, Drench and In-Line: 2-10 gal/A per application

FEATURES:

- High quality, highly effective in-line nutrition solutions
- Excellent seed and root safety when banded, placed In-Furrow or 2x2
- Low salt blend that’s seed and root zone safe
- Utility across a number of crop production systems

ANALYSIS:

7-17-3 with 0.95% Zn, 0.06% Mn, 0.07% Cu & 0.2% Fe

<p>Enhances nutrient efficiency through increased root interception</p>	<p>Allows for nutrition to be placed in optimal location for early season uptake</p>	<p>Balanced micronutrients mix to drive growth and development</p>
<p>Promotes nutrient solubilization</p>	<p>Decreases chance of seedling injury</p>	<p>Includes micronutrients that are key to activating other major nutrients</p>
